CLINTON TOWNSHIP RESIDENTS

**In the area of:
Glory Road**

RACCOON Tested Positive for Rabies

A raccoon tested positive for rabies on July 11, 2024

Description: Adult Raccoon

Area residents who may have had contact with this raccoon any time between June 15, 2024 to June 29, 2024 - should notify their Primary Care Physician immediately or the Hunterdon Medical Center Emergency Room to discuss concerns, re: possible exposure and the need for post exposure prophylaxis treatment.

It is important to remember not to pick up stray animals at any time. Saliva from infected animals should be considered infectious.

All owners of cats, dogs and livestock should have the vaccination against rabies through their veterinarian or through municipal rabies clinics.
